

Electronics - Cameras, Lights, & Videos

Information:

Used in the Diving and Decommissioning industry, the Inuktun compact Crystal Cam cameras are encased in an epoxy housing which makes them virtually indestructible, allowing them to operate in the most confined spaces and hazardous environments. With built-in LED lighting and a high resolution, low lux camera, the Crystal Cam is highly effective in low light environments.

Manufacturer Name :

Inuktun Technology

Equipment Name:

Crystal Cam® Drop Camera

Specifics of Equipment:

Size: 2in / 50 mm
 Diameter: 1.5 in / 37.5 mm
 Material: Epoxy
 Resolution: 400 TV Lines
 Lens: 0.14 in / 3.6 mm
 Weight: 0.264 lbs / 0.12 kg
 Depth Rating: 1000 ft / 300 m

Per the Manufacturer:

- * Applications include: internal inspection of pipes, tank and well inspection, confined space inspections, drop camera, underwater surveillance, wet weather surveillance, operator visuals for monitoring equipment and machinery, ROVs, and pre-dive inspections. (and plumbing)
- * Versatile, and resilient, these units offer both heat and chemical resistance with interchangeable tether lengths—up to 1,000' / 300m.
- * Easily fits through small openings
- * Light weight
- * Durable
- * Portable inspection system with optional battery pack for remote operation
- * Can be secured to virtually any surface, including underwater vehicles.
