

Portable Hydraulic Power Pack 8 GPM

Information: The new generation Stanley GT18 Power Unit is the latest in construction site hydraulic power for tools. The GT18 conforms to the Hydraulic Tools Manufacturers Association. It will deliver 5 gpm or 8 gpm at pressures up to 2000 psi with heat rejection capacity exceeding the HTMA recommendation of 5 hp.

Manufacturer Name : Stanley

Equipment Name: Portable Hydraulic Power Pack GT18

Specifics of Equipment:

Output: 5 or 8 gpm
Pressure: 2000 psi
Hydraulic Reservoir: 3 gallons
Fuel Tank: 7 gallons
Weight: 330 lbs.
Measurements: 35" L x 21.5" W x 29" H
Engine: Briggs & Stratton 18 hp Vanguard,
Honda 20 hp OHV

Per the Manufacturer:

- Computerized, electronic throttle
- Electric control system with rotary switches
- All components are assembled for easy routine servicing
- A quartz hourmeter in the control panel
- Hydraulic pump is mounted directly to the engine eliminating misalignment
- In-tank hydraulic filter continuously cleans hydraulic fluid
- Non-spillable, no-maintenance battery
- Lift handle
